BOAT RENTALS

Located off Highway 154 in the Los Padres National Forest, Lake Cachuma is positioned midway between the beaches of Santa Barbara and the community of Solvang.

FISHING AT LAKE CACHUMA

Lake Cachuma is one of Southern California's best fishing lakes because of the lake-bottom of rocky drop-offs, shallow areas, and aquatic plant bed, a great habitat for different kinds of fish. The lake is stocked annually with rainbow trout ranging in size from 1-7 lbs. During normal (non-drought) years, it supports large populations of largemouth and small mouth bass, crappie, bluegill, red-ear sunfish, channel catfish, and rainbow trout. This contributes to the popularity of annual fishing derbies at this lake facility.

A boat launch and docking facility for private sail and motorboats sits bordering the Marina.

Fishing licenses are required for those ages 16 and up and can be purchased at the Marina.

NO SWIMMING

Dogs are *now* allowed to join boaters and fisherman on the Lake, for a small fee. Body contact is still prohibited though, so please make sure all dogs stay out of the water. This also includes swimming, water-skiing, windsurfing or any other body contact. Call (805) 688-4040 for fishing conditions.

A variety of boats are available for rent all year round however, boat selection may vary in the winter months. All boats are rented on a first-come first-served basis, with the exception of the annual trout derby.
